will be here until

SATURDAY, OCTOBER 16th.
Don't fail to see our beautiful samples.

British Woolen Mill Co.

JUST A WORD TO OUR VALUED SUBSCRIBERS.

Before you finish reading this issue of the CENTRAL RECORD look at the label and see how your subscription stands. If it shows your subscription is due or past due, don't wait another day, but send us the money RIGHT NOW.

One dollar may be a small matter to you, but several hundred others thinking about the matter as you do keeps us out of the use of several hundred dollars. The label on your paper will show just how your subscription stands. For instance, if the figures opposite your name read like this: "Jul-15" it means your subscription expired July 1 of this year, and on that date you owe us \$1 to pay you up to July, 1916. The first figure is the number of the month and the second two figures the year on which your subscription expired.

Bear in mind that our terms are strictly cash. This means you, if you are in arrears, so do not lay the paper aside and pay no attention to this notice. Act at once and SEND US THAT DOLLAR. You may never miss it but it will help us wonderfully. We have faith enough in our subscribers to believe that since we have called their attention to this little matter, all who owe us will pay up at once. Send the money by P. O. Money Order or check, or enclose a dollar bill in your letter and send it to

Pocahontas is again in the line light

and is even introducing Capt. John

Smith again.

The Third Division of the C. W. B. M.

will serve lunch, court day in October,

at Police Court Room.

The Christian Endeavor Society of

the New Antioch church will have an

exchange Saturday afternoon, Oct. 16th

at Harry Andersons store.

Mrs. J. H. Turner, of Marksbury has

our thanks for a box of nice apples

which she brought to this office last

Saturday. They were very large and

juicy and the best flavored apple we

ever ate.

Upon the stump Hon. A. O. Stanley

is a wonder and the Republican nominee

who stands with one foot upon the Bull

Moose platform and the other upon the

stand pat republican will have a hard

time to keep even in the ring.

President Wilson himself threw the

first ball of the second world's series

game at Philadelphia last Saturday.

His future mother-in-law was standing

right beside him as he threw the ball

where it was intended to go.

If you have any old papers, magazines

ragas, etc., you would like to have moved

from your home or business, call

Billy Farris at Record office and he

will call for them. I also polish and

set up stoves at a reasonable price.

On the same day President Wilson

announced his engagement he an-

nounced he would vote for suffrage.

Now all the newspapers are asking if

it was a coincidence, "it may have

been a case of speak now or ever after

hold your peace."

When so eminent and resilient a

standpatter as President Wilson must

needs succumb to the fair enemy and

be hog-tied for the cause of woman's

right at both ends of the rope, it be-

gins to look as if it were about time

for the rest of us old time recalcitrants

to crawl down off the fence and come

in with our hats in our hands. —Lexing-

ton Herald.

Speak a good word for the schools,

and the churches, and the business

and professional men, and the industries,

and your neighbors, and friends, and

the people generally. Speak a good

word for the whole community, and

keep on speaking until others get the

habit and begin speaking with you. It

is a good thing for the town, and in

time others will be speaking well of

you.

History will give the President of

the United States credit for states-

manship of the highest order. The

people of the United States already

had decided to give him the Presidency

again, but they will, as a result of his

achievement, roll up a larger majority

in his favor. Germany has done some-

thing definite, and that something spells

victory in large letters for the United

States. A victory of diplomacy far

greater than any victory of arms.

Has it ever occurred to you that no

local merchant is foolish enough to

advertise that he can meet any legiti-

mate competition unless he is able to

do so? If this has not occurred to you

before it is not too late, give it con-

sideration now. You will find the live

ones of this town advertising in this

paper this week, and other weeks, and

it is possible they may be able to do

even better by you than some of those

out of town concerns you have been

teasing to for so many years.

GOOD MINSTREL.

Those who failed to see the famous
Coburn minstrel at the Roman's opera
house last Saturday night, missed the
best minstrel ever shown in Lancaster,
even surpassing his former effort one
year ago. The entire performance was
all that could be wished for and was
thoroughly enjoyed by the large crowd
present.

TIMELY WARNING.

The State Board of Health has issued
a warning against diphtheria which has
appeared in epidemic form in many
sections of the state. This disease we
are informed has appeared in a section
of this county, but in a mild form and
the people are warned to exercise every
precaution about visiting a community
where the disease does exist.

CARRANZA RECOGNIZED.

Following a conference of Pan-
Americans recognition of Carranza was
agreed upon and Secretary Lansing an-
nounced that the United States intend-
ed to take the same step. This means
that the United States will give Car-
ranza moral support and will probably
lay an embargo on arms to the opposing
factions. Villa has announced that
"The war is just beginning".

NEW BRIDGE.

The fiscal court closed a contract last
week with the Urbans Bridge Company,
for a new steel bridge to cross White
Lick. The bridge is to be erected at
once and will be built under state
supervision at a cost of \$2800. This
bridge will fill a long felt want to the
people in this section of the county, as
the creek at this point is often pass-
ing, necessitating great inconve-
nience during the winter months.

OF LOCAL INTEREST.

An article by Mrs. Fisher Herring on
her stone farm house, as a type of
Border State pioneer building, illustrated
with photographic interior views,
and groupings of fore-father's furni-
ture, will appear in an early issue of
"The House Beautiful" a Boston
magazine devoted to houses and their
decorations. Mrs. Herring is an in-
teresting writer and the article will be
read with much interest by her friends
and the patrons of this popular mag-
azine.

BRANCH HOUSE.

Finding that their business has in-
creased to such enormous proportions
and being unable to handle the amount
of tobacco bought at the local house
here, Messrs C. A. Speith and Co
have opened up a branch house at Paint
Lick to take care of the tobacco in that
part of the county. Their house here
has been handling all that it could pos-
sibly take care of and the Paint Lick
house was secured to relieve the con-
gestion which is often seen here during
the busy season. "Old Reliable" Billy
Speith and Jake Graw will buy again
this year for both houses and they as-
sure their friends in Garrard and Mad-
ison county, that they will be ready to
take care of their tobacco, paying
them the highest market price for it.

SENATOR JAMES

To Speak Here Oct. 22nd.

The state Democratic campaign com-
mittee has authorized us to announce
that Senator Ollie James will address
the democracy of this and adjoining
counties in Lancaster, Friday October
22nd. The news will be heralded with
delight by the friends of the Senator
in this county who will turn out to a
man and give him the largest crowd
that ever assembled to a democratic
rally in the county. No man in the
senate stands closer to the President
than does Senator James, who has
come from Washington to speak in the
interest of Hon. A. O. Stanley and the
entire ticket. In speaking of Mr.
Stanley he says: "He is the ideal
champion of Democracy. He is able to
bear the banner and defend it against
the world upon the stump".

Fresh Eggs 21c, extras candied 22c.
H. B. Northcott.

GOOD GAME.

The first foot-ball game of the season
was pulled off last Friday on the local
grounds between Lancaster and Rich-
mond, which resulted in the defeat of
the latter by a score of 6 to 3. The
local team while greatly handicapped
in weight, succeeded in holding the
Richmond team down to three scores
which were made by drop kick from
held. The local boys are putting up a
good game and should be encouraged by
better attendance from the public.

HOW IT HAPPENED.

This is the way President Wilson met
his bride to be:

A year or so ago Dr. Cary T. Gray-

son met Miss Gertrude Gordon.

Miss Gordon introduced him to Mrs.

Galt, her guardian.

He introduced Mrs. Galt to Miss

Heleen Woodrow Bones.

Miss Bones introduced Mrs. Galt to

Miss Margaret Wilson.

Miss Wilson introduced Mrs. Galt to

her father.

ATTORNEY JAMES GARNETT

To Run For Congress In This District.

According to Thomas B. Cromwell in

the Cincinnati Enquirer of last Sunday,

Hon. James Garnett, of Columbia will

make the race for Congress to succeed

Hon. Harvey Helm, the present in-

cumbent. The Enquirer says:

"Attorney General James Garnett

this week told the writer that he had

made up his mind to enter the race

against Congressman, Harvey Helm

and County Judge Ralph Gilbert, of

Shelbyville, for the Democratic nomi-

nation for Representative in the Eight

District, but he is not ready to make

formal announcement.

BOUQUET OF BLUEGRASS.

A bouquet of Kentucky bluegrass

will be carried in the arms of a pretty

girl of the Dixie Highway party when

it starts from Chicago next Saturday

morning for the run to the other end of

the line at Miami, Fla., thru Indianapo-

lis, Louisville, Nashville and other cit-

ies en route. The following telegram

was received here today: "Chicago, Ill.,

Oct. 6.—Will you please rush to me

today enough Kentucky bluegrass for

girl to carry in her arms for use on

start of Dixie tour. Richard J. Finne-

gan, Dixie Highway Commission."

The request was referred to Prof.

Joseph H. Kastle, director of the Ken-

tucky Agricultural Experiment Station

who responded enthusiastically. The

bouquet of bluegrass he gathered and

forwarded was fit for a bride to wear.

The blades were about thirty inches

long and the quality of the grass was

very fine. It was carefully boxed and

shipped to Commissioner Finnegan. —

Lexington Leader.

STANLEY A WONDERFUL MAN

The career of Owsley Stanley since

boyhood has been most remarkable. By

close study of political economy and by

his indomitable will power, together

with a large and extensive knowledge

of man, he has been able to thoroughly

understand the wants of the masses.

There is no man in the South so well

qualified to render valuable services to

the whole people as he. Take his

career from the time of his induction

into office and his every act has demon-

strated that he possesses an unusual

amount of business capacity and a mind

that is as clear as crystal. "While a

member of Congress he was not classed

as one of the ordinary "Hen's". He

was always in the front pew and what

he said was not only eloquent but full

of logic. No man received more ab-

solute attention on all occasions than

Stanley. While chairman of his com-

mittee he never knew what it was to

become fatigued. With an untiring

energy and magnificent ability he has

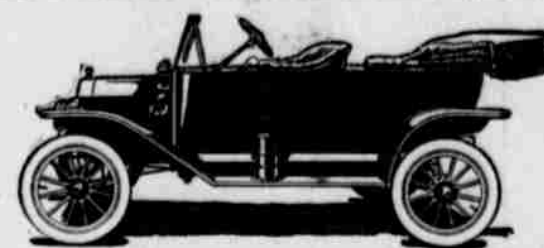

proven that he is one of the political

jewels of the present day.
